Salaam un Alaikum

Sub: Request for grant of Ijaza

A large population of shia Ithna Aashri have been residing in the city of Hyderabad over the decades. Following the dictates of Allah subhan Tala, Ahadis of Rasoolallah Sallam and Imam Masoomeen towards obligations for yatim and destitute children and recognizing the need of community, some respected persons of the community felt the need to establish a Yateem Khana to take care of unfortunate yateem and destitutes children. The initiative was taken by late Mir Sadiq Ali Saheb, then the Deputy Director, post and telegraph of erstwhile Hyderabad State. A Board of Trustees under the chairmanship of Nawab Salar Jung Bahadur the then Prime Minister of Hyderabad with six more respected members of the community in the team was formed. The Property and the Capital assets of the orphanage are under the custody of the Trustees. The day to day affairs of orphange are taken care of by a Management Committee.

Initially, only boys were taken in the orphanage. A building of the Darul Yathama was constructed in 1940 AD. Subsequently, a Girl's section was added and housed in a temporary building adjacent to the Main Building. Over the years, quite a few residents of Darul Yathama having successfully completing their education have built their careers and joined gainful professions and have become respected members of the community.

PRESENT STATUS

a) **Residents** : Boys and girls age group 6 to 10 years are taken in the orphanage under set rules. There are 17 boys and 25 girls are at present in Darul Yathama. Though there is demand from the community for more residents they are not being taken due to financial difficulties and insufficient infrastructure.

Religious education is imparted to all the residents and secular education is provided by admitting in different schools and colleges of higher education.

b) **Building** : The present building which accomodates Boys was constructed in 1940 AD. The building requires total renovation and extension for which space is available. With the funds on hands renovation work has been taken but requires funds for completion.

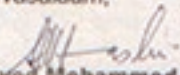

The Girls section has since its inception is in a temporary building. This building is not suitable and new building need to be constructed. The Management Committee has prepared plans for the new building which is annexed with this letter. (Annexure A)

The Board of Trustees and the Management Committee aim to provide sound religious alongwith secular education to enable these unfortunate boys and girls to built their own careers and to become self-reliant and respected members of the community under homely, hygenic and relaxing atmosphere.

c) **Funds** : The generous and God fearing persons of the community give donations both in kind and cash. But with the increasing requirements Management Committee is making all efforts to raise funds for renovation and extension of boys section by adding another floor (Annexure B), construction of new building for girls and to meet increased day to day running expenses.

For this purpose, it is requested to grant Ijaza from your goodself to enable us to collect funds from prospective donors of our community.
